**REPLY TO FURTHER RESTRICTION**

Honorable Commissioner for Patents  
Washington, D.C. 20231

Sir:

Replying to Paper No. 17, the further restriction requirement mailed August 28, 2001, applicant hereby respectfully and provisionally elects Group I(b) directed to the filter material, without traverse and without prejudice, applicant respectfully reserving the right to proceed with a divisional application on the non-elected subject matter if applicant chooses to do so.

Applicant accepts that the two inventions, restricted from one another, are patentably distinct from one another, i.e. each is patentable over the other. In view of the above election made without traverse, and upon examination of the elected claims 18-23 and 30-33, if the PTO finds these

claims to be patentable, then applicant authorizes deletion of the non-elected claims without prejudice to the present invention and without prejudice to applicant's rights under §§121, 120 and 119.

Applicant respectfully awaits the results of a first examination on the merits.

Respectfully submitted,
